MOTION BY SUPERVISOR ZEV YAROSLAVSKY

JANUARY 4, 2005

AMENDMENT TO AGENDA ITEM #18

In reviewing the recommended policies and proposals for the first year of the 2005-06 State Legislative Session, I wish to propose an additional objective under the heading of Public Health regarding the development and monitoring of Adult Day Health Care (ADHC) programs.

On February 17, 2004, the Board reviewed a report from the Department of Health Services describing the proliferation of ADHC programs in Los Angeles County and the large investment of State funds into these programs. Citing previous legislation that had eliminated local ADHC Planning Councils, the report underscored the need for a rational planning process in the certification of new ADHC programs, and for quality and fiscal oversight of existing programs.

In response to instructions from the Board, the Director of DHS sent the report to the Governor and other State officials, along with a letter recommending a review of the program administration, regulation and financing of the Adult Day Health Care programs as part of the Medi-Cal Reform effort. I believe it is appropriate to reinforce this objective through legislation.

January 4, 2005

Amendment to Item 18

State legislation and budget decisions will significantly impact the County's efforts to address the problem of homelessness. The County's State Legislative Agenda for the 2005-06 Session should include a section regarding homeless issues.

I, THEREFORE, MOVE that the Board of Supervisors direct the Chief Administrative Office to work with the Los Angeles Homeless Services Authority to develop recommendations for policies and proposals regarding homelessness for inclusion in the State Legislative Agenda for the first year of the 2005-06 State Legislative Session, and report back with such recommendations in 14 days.
